ILLUMINATING ENGINEERING

Annual Indexes

Volume LXII

January-December 1967

These indexes cover the text of the 12 issues of ILLUMINATING ENGINEERING for Vol. LXII, calendar year 1967.

1. **Subject Index**

   Index by title and subject of all papers, discussions, data sheets, technical committee reports and general articles.

2. **Author Index**

3. **Lighting News**—Subject Index

Page Numbers by Issues

January	1-63
February	65-120
March	121-167
April Section I	168-253
Section II	255-288
May	289-332
June	333-410
July	411-451
August	453-510
September	511-563
October	565-603
November	605-640
December	641-703

1. Subject Index

A

Abstracts of 1967 Conference Papers 519
Agriculture is Big Business 407
Airborne Electrical Lamp Sources, Ground Illumination 90
Analytical Study of the Pencil Shadow-Caster—(abstract) 545
Anti-Fog Lighting in Europe 88
Applied Lighting Competition 1967 Winners 605
Applied Lighting Competition Entries
- Banks, Outdoor 606
- Black Light Design 27
- Building Facade 653
- Church Design 279
- Church, Modern 312
- Church Steeple 138
- Churches, Up to Date 615
- Country Club 457
- Courthouse 65
- Courthouse Floodlighted 411
- Courtroom, Federal 128
- Display Home 574
- Episcopal Church 432
- Garden Lighting 277
- Golf Course, Night 414
- Gymnasium 294
- Highway Sign 298
- Hospital Design 654
- Hospital Surgery 611
- Industrial Design 32
- Industrial Plant 86
- Jewelry Dislay 70
- Library Layout 427
- Luminous Ceiling 24
- Machine Shop 263
- Meeting Room, Offices 416
- Museum, Small 269
- Office Lighting 419
- Office Suite 255
- Overpasses 266
- Residential 308
- Residential Art Gallery 641
- Residential Colonnade 647
- Residential Modern Design 73
- School Dining Hall 430
- Shopping Plaza 274
- Space Conditioned Building 130
- Speculative Home 133
- Supermarket 461
- Swimming Pool 585
- Underground Poolroom 77
- University Complex 80
- Used Car Lot 260

Architectural Discipline of Lighting 469
Art of Surgery is Learned by Watching 611
Automatic Screen Lumen Photometer 236
Automobile Display, feature on 566

B

Balancing People and Art With Light 641
Ballasts, Compatibility Criteria Between Metal Iodide Lamps 631
Banks
- Drive-up Bank 606
- Luminous Ceiling 24

Barber Shop Lighting 121
Baseball Park, Color TV for 349
BCD Judgements of Large Area Sources (abstract) 535
Black Light, Dramatic Use of 27
Bridge-Roadway Lighting Study Based on Roadway Luminance Factors (abstract) 551
Bright Future for Lighting and Air Conditioning 371

C

Calculation, Simpilfied Method of Picture Spot 238
Characteristics of Variable Impedance Reference Ballasts (abstract) 549
Choosing Light Sources for General Lighting 319
Church Designs Depend on New Lighting Developments 279
Church Lighting
- Architectural Discipline 469
- Flexible Design 432
- Floodlighting 317
- Modern Lighting 615
- New Developments 277
- Romanesque Fixture 423
- Sculptured Form 312

Circuits and Applications for Portable and Emergency Lighting Using Fluorescent Lamps 43
City Overpasses Require New Light Thinking 266
Clock Tower, lighted 464
Color Acceptance Studies, Preliminary Report on 663
Color Flattery Index for Artificial Illuminants 593
Color from the Ballpark, a TV Special 577
Color Rendering Index (abstract) 534
Color Rendering of White Light Sources, Inherent Efficiency 154
Color Television
- Baseball Park 577
- Hockey Rinks 289
- Sports, General 354
- Stadiums and Arenas 348

Color Television, a Major Consideration in Lighting for Stadiums and Arenas 348
Committee Reports (See Technical Committee Reports)
Compatibility Criteria Between Metal Iodide Lamps and Ballasts 631
(Abstract) 528
Conference Paper Abstracts, 1967 519
Configuration Factors for Computing Illumination Within Interiors 169
Contemporary Plastics in Outdoor Lighting 111
Courtrooms
- Lighting 65
- Luminous Ceiling 128

Curling Rink 457

D

Data Sheets
- Bank and Terrace 682
- Barber Shop 141
- Residential Street 41
- Used Car Lot 331
- Welding and Fabrication 282

Daylight is Here to Stay 341
Design of Light Control, Part III—Materials Used 483
Designing General and Supplementary Lighting Systems for Audiovisual Use (abstract) 599
(discussion) 540
Differential Equation for the Flourescent Lamp (abstract) 659
Difficult Industrial Seeing Tasks and How to Light Them 527
Distinguished Service Award, first recipients (See Lighting News Index) 283
Dramatic Use of Black Light 27

E

Editorial—Tomorrow's Lighting Practice 333
Education, Illuminating Engineering 137
Education, Present Status and What's Needed 336
Effect of Illumination Quantity Upon the Performance of Different Visual Tasks (abstract) 536
Electrically Space-Conditioned Building 130
Emergency Lighting Using Fluorescent Lamps, Circuits and Applications for Portable 43
Equipment Design . where will it go? 344
Esthetic Look at Classroom Lighting.... 583
Evaluation Criteria for Design of the Visual Environment in Schools and Colleges 552
Exterior Approach for a Home's Interior 308
Expo '67 and Its Lighting 453

F

Factors Affecting Metal Halide Lamp Parameters an Operating Characteristics 626
(abstract) 529
Farm Lighting
- Agriculture Business Preview 406
- Dairy Farms, Committee Report 441
- Dairy Farms, Lighting Tasks 433

Flattery Index for Artificial Illuminants 593
(abstract) 531
(discussion) 660
Flexible Lighting for an Episcopal Church 432
Flexible Lighting for a Small Museum 269
Flexible System of Evaluating Luminaire Brightnesses 143
Floodlighting
- Courthouse 411
- Flag 30
- Steeple 138
- Water Tower 305
- With Blacklight 27

Floodlighting a Flag 30
Floodlighting Technique for a Water Tower 305
Floodlight Photometry Without Special Photometer and Without Tipping Luminaire, A Computer Application 243
Football Field Layout — Lighting for Color TV 349
Footcandle is Losing Prestige 428
Further Studies of Sight Line and Direct Discomfort Glare (abstract) 538

G

General Secretary's Report, 1966-1967 683
Greenhouse Lighting, Modern 324
Ground Illumination Using Airborne Electrical Lamp Sources 90

H

Health, Relationship to Light 159
Highway Sign Lighting, for Safer Driving 298
Highway Signs: The Use of Mercury Lamps, Progress Report on Lighting 115
Historic Building is Brought to Light 464
Hockey Arenas Lighted for Color TV 289
Hockey, New Light Sources for 295
Home Lighting on Display 574
Hospital Lighting
- Lighting for the Surgeon 654
- Watching Surgery 611

Hospital Lighting—Updated 346
Hotel-Motel Industry Lighting Requirements 367
House Behind a Lighted Colonnade 647
How Well Does the Surgeon See What He is Doing? 654

I

Identity for a Supermarket 461
IES Approved Method
- Electrical and Photometric Measurements of Fluorescent Lamps 556
- Photometric Testing of Filament Type Luminaires for General Lighting Service 587

IES Committees, Report of 684
IES Guide to Design of Light Control, Part III—Materials Used 483
IES Lighting data Sheets
- Lighting Data Sheet 3-55 282

Lighting Data Sheet 19-43 141
Lighting Data Sheet 19-44 331
Lighting Data Sheet 19-45 682
Lighting Data Sheet 26-39 41
IES President 1967-1968, Biography of 565
Illuminating Engineering Education 137
Illumination Research . . . Bellwether of the Future 334
Important Factor in Future Systems is Maintenance 365
Improved Highway Signing for Safer Driving 298
Incandescent Bromine Cycle Lamps 198
Increased Highway Safety and Efficiency Through Higher Luminaire Mounting Heights 384
Industrial Lighting, Where we Were, Where we are, Where we are Going 397
Industrial Lighting
Difficult Seeing Tasks 282
Machine Shop 263
Microelectronic Age 32
Nuclear Power Plants 402
Preview of 397
Vertical Component 86
Welding and Fabrication 282
Inherent Efficiency and Color Rendering of White Light Sources 154
Inside a Sculptured Form 312
Integrated Lighting and Air Conditioning Installations, Tabulation of 372

J

Jewelry Display Lighting on a Small Budget 70

K

Keeping a Country Club Intimate 457

L

Langmuir Film Model in Incandescent Lamps (abstract) 526
Lease Lighting for a Shopping Plaza 274
Library Layout Gets a Matching Lighting Design 426
Light Control, IES Guide to 483
Lighting a Bank Building and the Surrounding Terrace 682
Light Output of 1.5-Ampere Fluorescent Lamp Designs in Photometry and Use —abstract 548
Lighting a Barber Shop 141
Lighting a Residential Street 41
Lighting a Used Car Lot 331
Lighting a Welding and Fabrication Area 282
Lighting and Air Conditioning
Future 371
Tabulation of Integrated Installations 372
Lighting Brings Churches Up To Date 615
Lighting Can Go Anywhere Banks Can Go 606
Lighting For Dairy Farms 441
Lighting Justice 65
Lighting Keeps Abreast of the Microelectronic Age 32
Lighting Progress 1966 1
Lighting the Udder Way 433
Light Source Progress, Preview of 339
Light Sources
Metal Halide Lamp Parameters 626
Metal Iodide Lamps and Ballasts 631
Ultraviolet Emission 675
White Light, Inherent 154
Efficiency and Color Rendering 154
Luminaire Brightness, A Flexible System of Evaluating 143
Luminaire Layout (abstract) 539
Luminaire Mounting Heights, Highway Safety and Efficiency 384
Luminous Ceiling Designed as an Architectural Form 24
Luminous Transfer in Rooms with Semi-Diffuser Specular Surfaces 180

M

Maintenance of Systems 365
Massive Luminous Ceiling Dignifies a Federal Courtroom 128
Materials Used in Light Control 483
Meeting Room Cum Dining Room 416
Membership Statistics, 1966-1967 685
Metal Halide Arc Lamps; Tubular for Photoreproduction Applications 221
Metal Halide Lamp Parameters, Factors Affecting, and Operating Characteristics 626
Metal Halide Lamps; Reignition Characteristics and their Effect on Ballast Design 204
Metal Iodide Arc Lamps; Sodium Loss Processes in 214
Metal Iodide Lamps and Ballasts, Compatibility Criteria Between 631
Metric System in Illuminating Engineering 638
Modern Greenhouse Lighting 324
Modern Lighting Know-how in a Romanesque Fixture 423
Montreal Forum Lighted for Color TV 291
Museum; Flexible Lighting for a Small 269

N

Narrow-Beam Fluorescent Sources—Design and Applications (abstract) 525
Near-Daylight Brightness for Night Football 620
New Contrast Threshold Visibility Meter (abstract) 547
New High-Brightness Projection Arc Lighting System 229
New Lift from New Sources for College Hockey 295
Now and Future Practices for Sports Lighting 354
Nuclear Power Generating Plants in US 402

O

Office Lighting
Electrical Space-Conditioned Building 130
Light to Sell Light 419
Office Suite from Radio Station 255
Veiling Reflection Studies for 360
Visibility of Office-Type Tasks 54
Outdoor Lighting
Anti Fog Lighting 88
Banks 606
Black Light 27
Church Steeple 138
Football Field 620
Garden, Small 277
Ground Illumination from Airborne Sources 90
Highway Sign for Safer Driving 298
Highway Signs with Mercury Lamps 115
Overpasses, for City 266
Plastics for 111
Residential Street 41
Shopping Plaza 274
User Car Lots 260, 331
Water Tower Floodlighted 305

P

Pedestrian Walkway Lighting Comes into its Own 377
Photometer; Automatic Screen Lumen .. 236
Photometric Measurements of Fluorescent Lamps, Approved Method for 556
Photometric Testing of Filament Type Luminaires for General Service Lighting, Approved Method 587
Photometry of Colored Light 239
Photometry, Review of Elementary Theory 246
Photometry Without Special Photometer and Without Tipping Luminaire 243
Picture Spot Calcualtion, Simplified Method of 38
Plastics in Outdoor Lighting, Contemporary 111
Poolroom, Underground Lighting of 77
Portable Lamps for Home Study 475
Possible Effects of Ultraviolet Radiation on Maintenance and Life of Mercury Additive Lamps 621
(abstract) 524
Preliminary Report on a New Approach to Color Acceptance Studies 663
(abstract) 531
Present Status and What's Needed in Lighting Education 336
President's Report, 1966-1967 511
Preview of Light Source Progress 339
Progress Report 1966 1
Progress Report on Lighting Highway Signs: The Use of Mercury Lamps 115
Projection Arc Lighting System; A New High Brightness 229

Q

Quartz Halogen Lamps, Two Kilowatts and Up (abstract) 526
Questions and Answers on Light Sources 139

R

Radio Station to Office Suite 255
Reflectometry for the Lighting Industry (abstract) 543
Reignition Characteristics of Metal Halide Lamps and Their Effect on Ballast Design 204
Relationship of Light to Health 159
Relighting an Old Gym 294
Research in Illumination, Bellwether of the Future 334
Residential Lighting
Balancing People and Art with Light 641
Design with Personality 73
Exterior Approach for Home's Interior 308
House Behind a Lighted Colonnade.... 647
Picture Spot Calculation 38
Portable Lamps for Home Study 475
Small Garden Made Big with Light 277
Underground Poolroom 77
Speculative Home with Built-in Lighting 133
Street Lighting for 41
Review of Elementary Theory of the Photometry of Projection Apparatus 246
Roadway Lighting
Anti-Fog Lighting in Europe 88
City Overpasses 266
Higher Luminaire Mounting Heights 384
Highway Signs, with Mercury Lamps 115
Highway Signs, Visibility of 298
Motorist, Lighting for 98
Residential Street 41

S

Shopping Plaza; Lease Lighting for 274
Simplified Field Indicator of Veiling Reflections (abstract) 544
Simplified Manual and Computer Method of Calculating IES Zonal-Cavity Coefficients of Utilization (abstract) 541
Simplified Method of Picture Spot Calculation 38
Small Garden Made Big with Light 277
Sodium Loss Processes in Metal Iodide Arc Lamps 214
School Lighting
Dining Hall 430
Esthetic Classroom 583
Evaluation Criteria 552
University Complex 80
Veiling Reflection Studies 360
Sodium Loss Processes in Metal Iodide Arc Lamps 214
Speculative Home, with Built-in Lighting 133
Sports Lighting
Baseball Park, Color TV for 577
Color TV for Stadiums 348
Country Club 457
Curling Rink 459
Football, Night Play 620
Future Practices 354
Golf Course, Night 414
Gymnasium 294
Hockey Arenas, Color TV for 289
Hockey, New Sources for 295
Standing a Courthouse in Light 411
Store Lighting
Barber Shops 121
Building Facade 653
Jewelry Display 70
Supermarket 461
Streetlighting, Highway Signs for 298
Streetlighting Luminaire Vibration (abstract) 550
Streetlighting Trends in Britain 381
Swimming Pool 585

- Plant Engineers Lighting 6-8A
- Residence Lighting 10-8A
- Southeast Florida Section 4-7A; 7-9A
- University of Illinois 7-9A
- West Texas Chapter 4-7A
- Wiring Design No. 1 10-7A

Courses in Plastics 2-8A
Crouch, C. L., New IERI Director 9-7A
Currie, Marion G., Fellow 9-9A
Currie, Marion G., Fellow 9-9A

D

Depreciation and Maintenance of Interior Lighting, Book Review 8-32A
Design and Application of Roadway Lighting, Book Review 2-24A
Designers Lighting Forum for Residential Techniques 4-5A
Dramatic Facade Lighting 8-26A

E

East Central Region, New V-P 12-8A
EEI Lighting Seminar 6-5A
Electric League of Southern California Course 2-7A
Electrical Industry Reference, Book Review 8-32A
Engineer and His Profession, Book Review 8-32A
Engineering Manual, Book Review 11-32A
Engineering Societies and Their Literature Programs, Book Review 8-32A

F

Fellows 1967
- Beamer, Scott 9-8A
- Currie, Marion G. 9-9A
- Harrison, Laurence S. 9-9A
- Kaufman, John E. 9-10A
- Macbeth, Norman 9-10A
- O'Neill, Daniel J. 9-10A
- Travis, Beverly A. 9-11A
- Unglert, Melvin C. 1-11A
- Wald, Henry J. 9-11A
- Witte, Elden H. 9-12A
- Wylie, Robert R. 9-12A

Fishing with Lights 2-12A
Floodlighting Course 10-7A
Focus on Light Art Exhibit 8-20A
Fundamentals of Lighting Course 3-7A
Funeral Home Lighting Course 10-8A

G

Gateway Arch Lighting 6-6A
Georgia Section Course 6-14A
Gold Medal Award, IES
- Address of Medalist 1967 11-10A
- List of Medalists 8-5A
- Winner, 1967, S. K. Guth 8-5A

Guth, S. K., 1967 Medallist 8-5A

H

Handbook of the Engineering Sciences, Book Review 8-32A
Harrison, Laurence S., Fellow 9-10A
Hinkley, A. D., Retires 9-7A
Holden, D. H., Obituary 3-10A
Holladay, L. L., Obituary 4-7A
Home Lighting Display 5-10A
Home Study Course 3-7A
Hospital Lighting Symposium 7-12A

I

IES-ASHRAE Seminar 6-5A
IES Committees
- 1966-1967 4-30A
- 1967-1968 11-37A

IES Gold Medal
- Acceptance Address, 1967 11-10A
- List of Medalists 8-5A
- Winner, 1967, S. K. Guth 8-5A

IES Insurance Plan 5-7A
IES National and Local Officers
- 1966-1967 4-18A
- 1967-1968 7-18A; 10-26A
